My dearest Mother,

I am at last writing
on Friday night again; but
although I have not been to
Town, Tom having fetched, I
have only just got home (6. 45)
as I have been to Hawksers
at Kingston.

I hope I shall hear
to-morrow what you thought
of 'The Aunt of England'. It
has had a fairly good
reception in London, mainly
on account of Gladie Wright,
the old lady. We are not
going to our local theatre
this week; they are doing

'M' Wu' which M. has seen &
which I am not keen to see.
We are going to-morrow to
see 'Lady in Lace' the film
with Yvonne Arnaud & Tom
Walls in.

You will be interested
to hear that I have been
elected to the Council of
the Royal Astronomical
Society, & shall serve for
two years. It should be
interesting.

The children are flourishing
and send their love. So does
Maxine. Hoping you are
well,

Your own loving son
Harold
