NORFOLK AND WASHINGTON, D.C.  
STEAMBOAT COMPANYABOARD THE  
STEAMER

2. 10. 38

My dear Mother,

I find my time very full, but here is a short note. I am writing it on a steamer going down the Potomac from Washington to Langley Field. We left at 6.30 PM and expect to arrive at 6.30 am., sleeping on board. We return the same way to-morrow night. On Thursday night, I go to Hollywood, which is the centre for the factories in California.

We have seen quite a lot of Washington, which is a very fine city. It is renowned for 'sea-food' and we have tried several well known

restaurants.

I have been very anxious  
at the news lately, and still  
am. We seem to have postponed  
the war for a bit, so I am  
relieved about the safety of  
all of you in England.

I hope to get back  
to England on Oct. 24<sup>th</sup>.

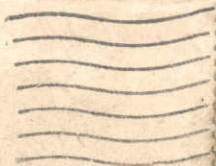

Love to you all. Hope  
you are well

Your own son

Lawlor.
